Mr. James C. Mooney
President
Enginuity-LLC

Dear Mr. Mooney,

The Chiller Annex Room is coming to a completion; with that accomplishment I want to express my gratitude for the excellent performance of your Company to bring the project to a reality. Given the short time span for construction, your personnel had to hit on all eight cylinders, and they did! I just have a few words to describe the impression I received from the Enginuity crew I met, and worked with on the site; excellent attitude, industrious, and quality workmanship.

I can't leave this note without mentioning leadership, this is where Al Mir came into play. With much to do and little time, Al was always there for Clearway Energy; prompt, courteous, and knowledgeable. His leadership and direction/communication with his workers was demonstrated very well throughout the project.

On behalf of Clearway Energy and myself, I am extending a personal thank-you to Enginuity, Al, and your crew, for a job well done.

Sincerely and best regards,
